Comments:

1) Please do <u>not</u> shrink-wrap extra charts, just collate & slip sheet.

2) Call Peter Schwartz directly when you know the final COD amount. He will make arrangements for pmt.

3) Please hold out 5 sample copies for us from overs (10 if there are lots of overs

4) Please save extra Pages (Signatures?) for Peter Schwartz, trim them if easy to do (don't bother if it is a significant added expense.

RE: Final George Litho Quote
DATE: 3/16/89

No of pages in FAX: Cover plus 1

Comments:

Here is the final George Litho quote on the Scenario Book (barring any changes for late correx).

We will be reducing the final cost by approx $140 by not shrink wrapping the extra charts (this quote still includes that cost).

Therefore, the approximate statement of account for GBN on this project is as follows:

Total cost:	35,536
Already paid to WER:	13,011
Already paid to George:	6,000
Still due to WER:	7,729
Still due to George:	8,796

We will be getting blue lines and color keys on monday -- SB or Kathleen will be in touch with you if they have anything for you to look at.

Thanks, Keith
